

Objective

Skilled Front-end Developer experienced in developing responsive web applications using HTML, CSS, JavaScript, and React. Proficient in translating designs into intuitive user interfaces, optimizing website performance, and implementing best coding practices. Collaborative team player with strong problem-solving abilities and a passion for creating seamless user experiences.

EDUCATION

Jaypee Institute of Information Technology
Computer Science and Engineering

2016 – 2020
Noida, India

XII (Senior Secondary), Science
Vishnu Bhagwan Public School (PCM)

2015
Prayagraj, India

Work Experience

FarEye 

Noida, India

Senior Solution Engineer

04 2024 - Present

- Developed and maintained user-friendly web interfaces using HTML, CSS, and Javascript to enhance the user experience and meet client requirements.
- Converted design mockups into dynamic web elements in collaboration with UX/UI designers, resulting in a 30 percent improvement in user satisfaction.
- Utilized version control systems like Git to manage and collaborate on codebase effectively.
- Optimized frontend performance by improving website load times.

Noida, India

Solution Engineer

11/2020 - 04/2024

- Designing and implementing custom software solutions to meet client needs, requiring hands-on technical configuration and scripting through JavaScript
- Implemented FarEye solution for a Saudi courier company, streamlining last-mile delivery and SLAs based on delivery regions
- Wrote SQL queries for statistical data analysis, generating charts and reports for logistics partners. Utilized databases to create data-driven insights displayed through dynamic web interfaces.

PROJECTS

TaskMate  | HTML, CSS, JS

- **Functionality:** Modern To Do list app that takes care of your daily tasks.

WordWise  | HTML, CSS, JS

- **Functionality:** Responsive Dictionary Web App with API integration, State management, and search history persistence, intuitive UI, accessibility, and error handling.

VerifySafe  | HTML, CSS, JS

- **Functionality:** Mobile authentication with OTP generation, session storage, and input validation, Responsive UI for seamless login experience with error handling.

TECHNICAL SKILLS

Languages/Technologies/Frameworks: HTML, CSS, SCSS, Tailwind CSS, JavaScript, React JS, C, C++, SQL, GitHub, API, JIRA, JSON, Solution Design, Technical Documentation

Developer Tools: VS Code, Adobe XD, Figma, MS Office, Postman
